

Checklist of Required Verification Documents for Housing Situation Priority Status

Housing Situation Priority Status will not be effective unless you have fully verified your housing circumstances and the events leading to your present situation. If you fail to document Priority Status, you will be on the waiting list as a Standard Applicant at the original date the LHA received your application.

Homeless Definition. Priority status is only available to an applicant who meets the Homeless Definition which states that an applicant is considered Homeless who has been or is imminently faced with displacement from his/her primary residence (a primary residence is your principal home occupied not less than 9 months of the year) as a result of circumstances described below and who:

- (a) is without or about to be without a place to live or is in a living situation in which there is a significant, immediate, and direct threat to the life or safety of the applicant or a household member which situation would be alleviated by placement in an appropriate unit. (Applicants temporarily residing in a shelter or healthcare institution are considered without a place to live.), and
- (b) has made reasonable efforts to locate alternative housing, and
- (c) has not caused or substantially contributed to the safety or life-threatening situation (In cases of domestic violence, there is a presumption that victims did not contribute to their circumstances.), and
- (d) has pursued available ways to prevent or avoid the safety or life-threatening situation by seeking assistance through the courts or appropriate administrative or enforcement agencies.

The Housing Authority will indicate on the following list the types of documents that you are responsible for obtaining to verify the information that you provided on your housing application. You must also prove that you were a primary resident at the address from which you were displaced, and you must establish a no-fault reason for your displacement such as the owner wants the property vacant for remodeling, condo conversion or for his own family. Substandard housing conditions must be verified under Priority #2 above.

Your medical provider needs to submit written certification of your medical condition, the contributing factors to that condition, and the prognosis of your condition to the Housing Authority.
