WELCOME

We would like to welcome you to your new home.

Before you move into your unit, we urge you to take a moment to read this handbook.

The Norton Housing Authority operates within the framework of the Rules and Regulations for State-aided Housing under the direction of the Department of Housing and Community Development (DHCD).

Residing in a development such as this will be, for most people, a new experience. You are sharing your neighborhood with individuals from many backgrounds. Our mutual obligation is to make our developments a pleasant and attractive example of community life in our town.

The Housing Authority provides efficient management and sound financial administration. To this end, we repair and maintain the property in first-class condition to the best of our ability. However, without your cooperation, it can't be done.

A development reflects its occupants – you and your neighbors have a right to peaceful enjoyment and privacy in your apartment. A mutual respect and consideration for one another will ensure that all occupants enjoy living here.

NHA will cooperate to the fullest extent to make your stay pleasant. We need your active support. Cooperation is the basis for success in any housing development.
